Employment legal services

Expertise

Our team's experience and reputation is such that we work regularly for some of the best known national and regional companies and public sector organisations. The team has over 50 years of combined legal experience and has advised on just about every imaginable employment dispute.

With the right skill set we deliver proactive, pragmatic and, above all, a results driven client service. We take the view that prevention is more cost-effective than cure, therefore, clients are kept ahead of the constant legislative and regulatory changes. This expert understanding of employment law is reflected by independent recommendations in both the Legal 500 and Chambers directories.

We were one of the first solicitors in the country to offer an insurance backed employment law protection scheme for employers, **SAS Protect**. Over 150 businesses now subscribe to this and have the benefit of complete peace of mind about both the cost and risks of employment law and tribunal claims.
